# Assembly instructions

| | |
|---|---|
| Difficulty level: | Intermediate |
| Completion Time | 8 - 10 hours |

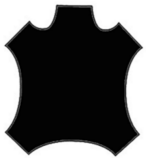
# NECESSARY TOOLS

**B&W Printer**

**Scissors or a cutter**

**Hole Puncher** **(We recommend 1.8 - 2 mm sized holes for this build)**

**Approx 4 square feet of leather.** **(We recommend 5-6oz leather for this build)**

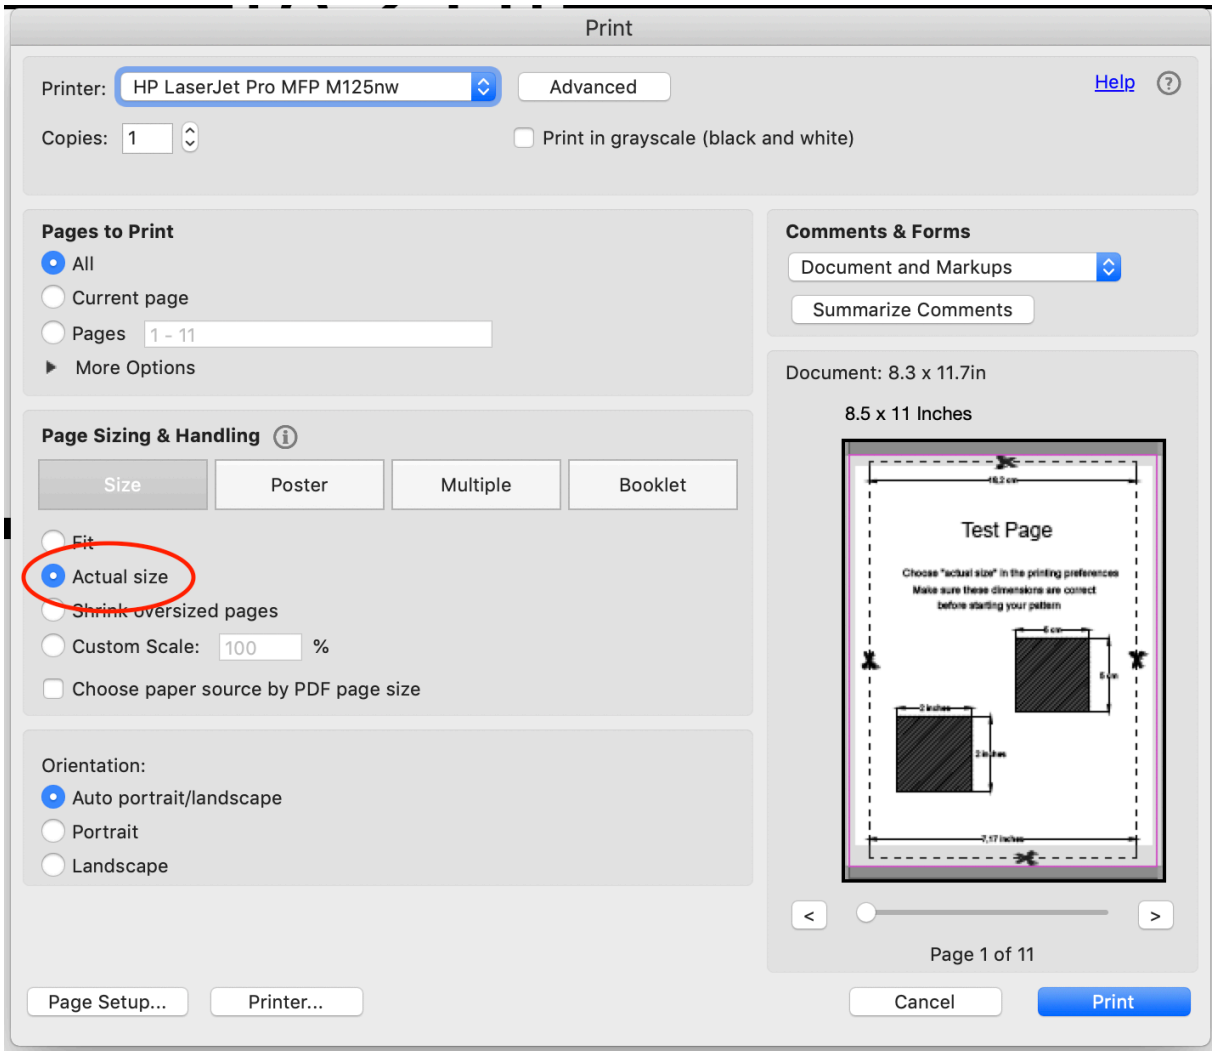


**Thread and needles** **(We recommend 1.2 mm waxed thread for this build)**

**A zipper, 12 inches long**

# PRINTING THE PATTERN

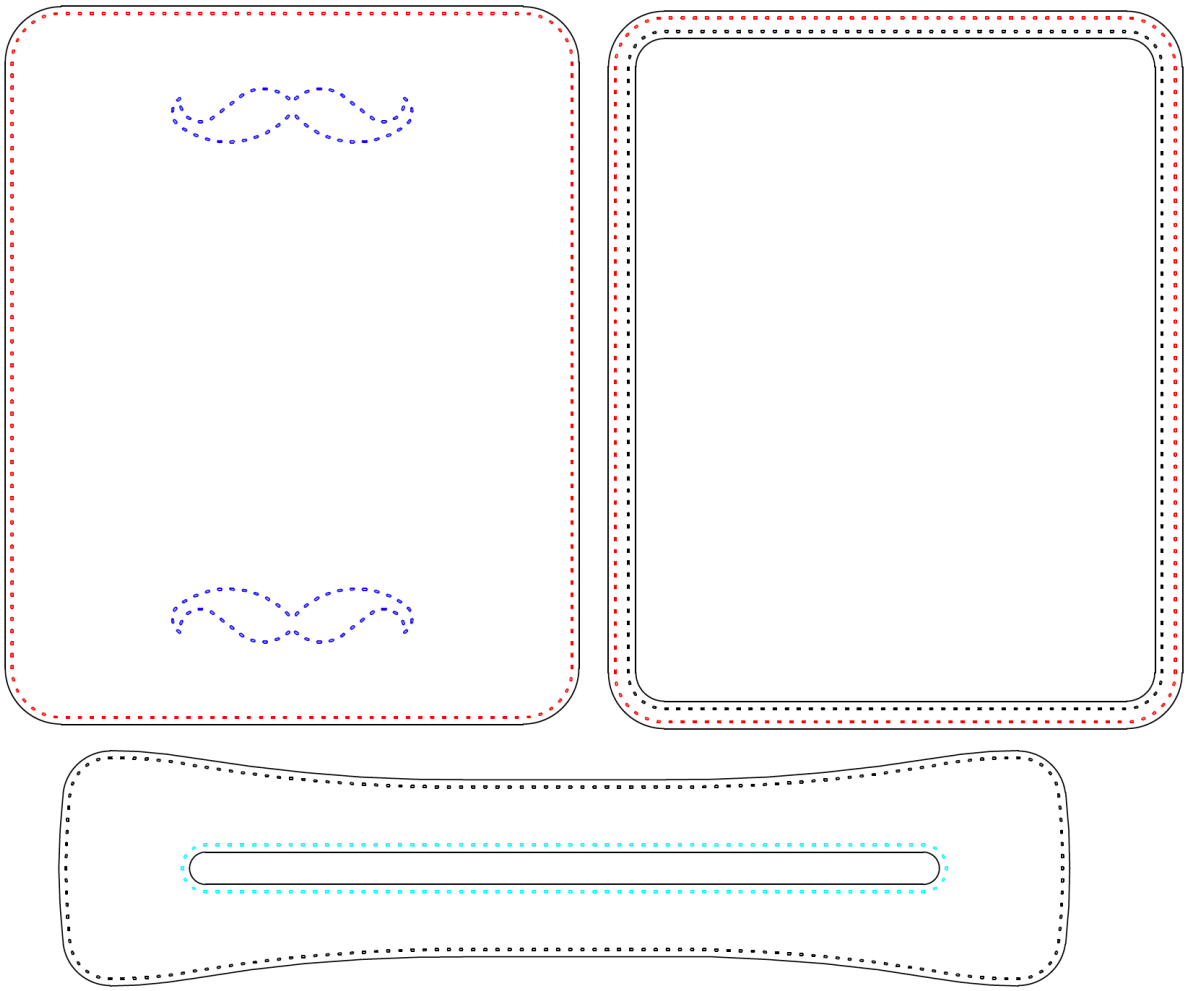
Set up your paper size to A4 and choose actual size in the printer settings



Alternatively you can use “letter” format which is approximately the same size and will not impact the size of the product significantly

Print all the patterns. Take note that all the three main pieces are spread over 2 pages
Once you are done you should have all the pieces shown here

VERY IMPORTANT!!!
Make sure you attach the holes correctly by following the colours shown in the picture below. So red goes to red and black get stitched to black. Please watch the tutorial video carefully to see exactly how to align them



The pattern includes 7 other different designs  so scroll down the pattern to see all of them

In order to further help with your build, we filmed the entire process from the start to finish.
Please access your instructional video here:
